1 General Information

The Beilstein Publishing System used with the *Beilstein Journal of Nanotechnology* allows referees to download the manuscripts which they have agreed to review and upload their referee reports with all their recommendations regarding the acceptance of the manuscript. In addition, referees can upload additional files with their reports and send confidential comments to the editor. The submission of a referee report may be interrupted and resumed at any time.

If you are a first-time reviewer for the *Beilstein Journal of Nanotechnology*, we recommend that you consult the document "[The Beilstein Journal of Nanotechnology](#)" for further information about the journal.

This document gives referees an overview of the different steps during the review process and guides them through the Beilstein Publishing System.

2 Invitation to review a manuscript for the Beilstein Journal of Nanotechnology

Referees are invited by the editor-in-chief, an associate editor or a guest editor to perform the peer-review of a manuscript. The invitation will be sent by email, which will contain links to either accept or decline the invitation. To accept or to decline the invitation, please click the corresponding link. A confirmation email will be sent immediately after answering the invitation.

Dear Prof. Friedrich K. Beilstein,

We would like to invite you to participate in the peer-review process of a manuscript submitted to our non-profit journal by Dr. Arthur Long. You were suggested by the submitting author, the handling editor or an invited referee of this manuscript.

Title: Vertically aligned nanowires

Journal: Beilstein Journal of Nanotechnology

Type of article: Full Research Paper

Author(s):

Arthur Long, Ed Meyers

Abstract:

Controlled geometrical properties ...

To ACCEPT this review invitation under the conditions described below, please click <https://www.beilstein-journals.org/s/NZL3CB5hXy> and you will be emailed immediately with further instructions. Under normal circumstances, referees are asked to return their reports as soon as possible, within 14 days at the latest.

To DECLINE this review invitation, please click <https://www.beilstein-journals.org/s/4OGQRTC1Yo>. In this case we would greatly appreciate if you could suggest alternative referees by either replying directly to this email or filling in the form that follows after declination.

For conditions and detailed information about the review process, please see the Instructions for Referees <https://www.beilstein-journals.org/bjnano/refereeInstructions> as well as the Editorial Policy <https://www.beilstein-journals.org/bjnano/editorialPolicy>. For information about data protection and your rights, please see our Privacy Policy <https://www.beilstein-journals.org/bjnano/privacyPolicy>. We would like to keep your contact information for our referee database. If you do not agree to these terms and you have not been associated with a manuscript in our database, please contact journals-support@beilstein-institut.de and we will remove your information.

We hope you are able to make time for our non-profit Beilstein Journal of Nanotechnology, which is a unique opportunity to support a true diamond open access (no fee) journal.

With best regards,

Beilstein BJNANO Editor in Chief

Email: bjnano-editor@beilstein-institut.de

Web: <https://www.beilstein-journals.org/bjnano>

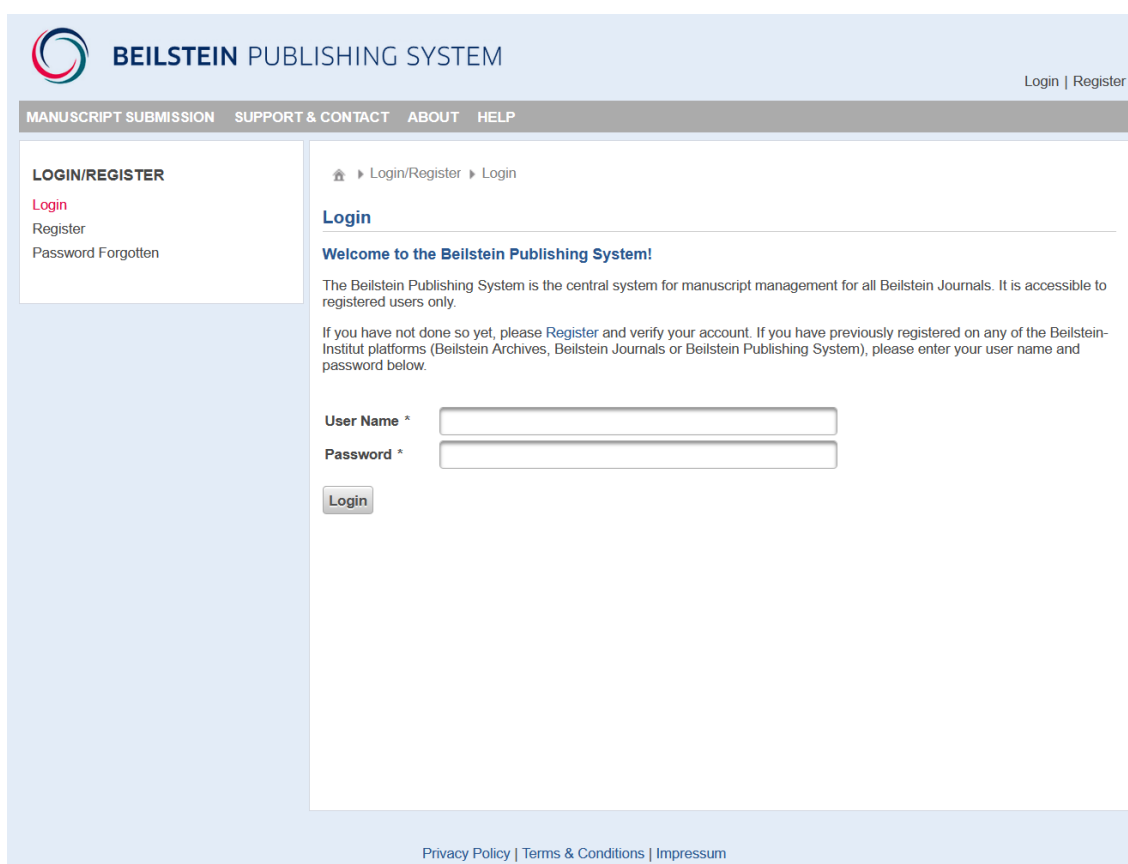

The Beilstein Journal of Nanotechnology is a fully peer reviewed, online open access journal. The content is freely accessible online and is publicly archived. Authors can publish scientific articles free of charge as the Beilstein Journal of Nanotechnology is completely funded by the Beilstein-Institut, a non-profit foundation committed to advancing communication and information in the area of chemistry and its related disciplines. The Beilstein Journal of Nanotechnology publishes high quality work on all aspects of nanoscience and nanotechnology, and for this reason, we ask our referees to recommend publication only of important work which will make an impact on the field. More information about the journal, including details of our Editorial Advisory Board, is available at <https://www.beilstein-journals.org/bjnano>.

If the invitation to review a manuscript is accepted, the confirmation email will contain a link to the Beilstein Publishing System as well as the user name and the password for the referee. With the user name and the password, a referee is able to log in to the Beilstein Publishing System without registration.

Any scientist who is interested in reviewing for the *Beilstein Journal of Nanotechnology* may contact the managing editor to express his/her interest and to communicate his/her specialist area (managing-editor-bjnano@beilstein-institut.de).

3 Access to the Beilstein Publishing System

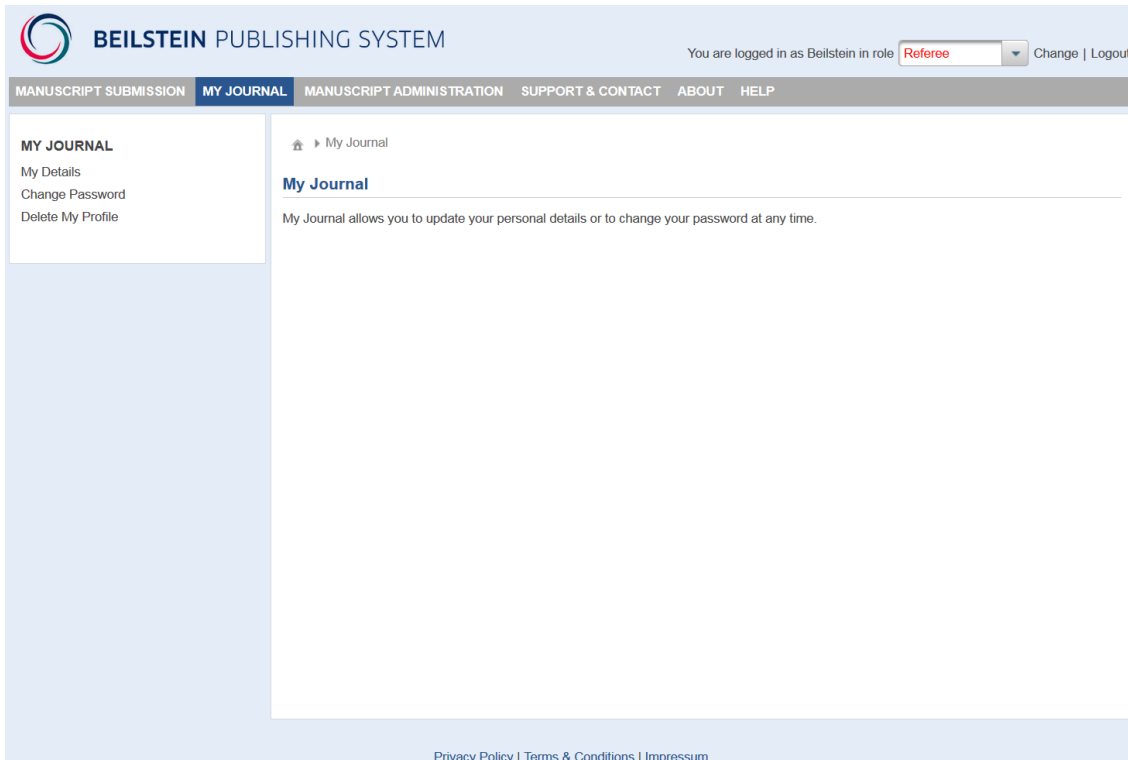

You can access the Beilstein Publishing System either by using the link given in the acceptance confirmation email or directly via the website: <https://www.beilstein-journals.org/bps>. In both cases the login screen of the Beilstein Publishing System will be displayed. Please enter your user name and password in the appropriate fields and click on the “Login” button to log in.

The screenshot shows the Beilstein Publishing System login page. At the top left is the Beilstein logo and the text "BEILSTEIN PUBLISHING SYSTEM". On the top right, there are links for "Login" and "Register". Below this is a navigation bar with "MANUSCRIPT SUBMISSION", "SUPPORT & CONTACT", "ABOUT", and "HELP". On the left side, there is a sidebar menu with "LOGIN/REGISTER", "Login", "Register", and "Password Forgotten". The main content area has a breadcrumb trail "Home > Login/Register > Login" and a heading "Login". Below the heading is a welcome message: "Welcome to the Beilstein Publishing System! The Beilstein Publishing System is the central system for manuscript management for all Beilstein Journals. It is accessible to registered users only. If you have not done so yet, please Register and verify your account. If you have previously registered on any of the Beilstein-Institut platforms (Beilstein Archives, Beilstein Journals or Beilstein Publishing System), please enter your user name and password below." There are two input fields: "User Name *" and "Password *", followed by a "Login" button. At the bottom of the page, there are links for "Privacy Policy", "Terms & Conditions", and "Impressum".

If you access the Beilstein Publishing System using the *Beilstein Journal of Nanotechnology* homepage (<https://www.beilstein-journals.org/bjnano>), please select the main menu “Submission” and afterwards choose the button “My Manuscripts” given on the right side of the screen to open the login page.

You can update your personal profile and your password at any time by selecting “My Journal” from the main menu and “My Details” or “Change Password” from the corresponding submenu.

4 Change User Role

If you have been assigned more than one role within the Beilstein Publishing System (e.g. author or referee), you may easily select your required role for the task you wish to carry out. Once you are logged in, you can, if necessary, select a different role by using the drop down box which is located at the top right corner of the screen and click on “Change” to show the manuscripts associated with the new user role.

5 Referee Section

5.1 Manuscript Overview

After logging in to the Beilstein Publishing System, the manuscript overview page will be displayed. By default, all the manuscripts of the Beilstein Journals for which you are invited for peer review are shown on the overview page, irrespective of whether you have accepted or declined the invitation to review the corresponding manuscript. A table provides you with the most important information about the manuscript: the manuscript ID, the name of the Beilstein Journal the manuscript has been submitted to, the type of article, the editor, the title, the submitting author, and the status. The status entry is either “Review” or “Completed”.

You may limit the display by using the search fields provided above the list. In addition, the list entries can be sorted by clicking on the respective column header.

When the mouse is moved over the entry given in the column “Status” of a manuscript a tooltip showing the due date and remind date is displayed until the corresponding workflow step is finished.

The details section of a manuscript can be displayed using the link “Show” on the right side of the corresponding row. This allows you to proceed further with the review process.

On the left side of the screen, the action list allows you to perform different actions on the manuscript as long as the manuscript is in the review status “Assigned”.

Action	Comments
Download Files	The tab “Files” opens for downloading the manuscript files. Any individual file can be downloaded by a click on the file name (see chapter 5.3)
Upload Report	This action allows the upload of a referee report (see chapter 5.4).
Send Email	An email form opens for sending a message to the editorial office.

The “Back” button lets you return to the manuscript overview page. Alternatively, you may view the details of the first, previous, next or last manuscript mentioned in the overview list by choosing the corresponding arrow above or below the details summary.

If a manuscript is classified as acceptable after the peer review, the editor will request the author to provide a revised version of the paper and to give a point-by-point response to all referee’s or editor’s comments. In general, the editor will initiate further steps based on the referees’ reports and the author’s response to them, without seeking further opinion. In special cases concerning new or unusual issues or when authors believe they have been misunderstood, the editor may decide to send the revised manuscript back to the original referees or to new referees.

If a referee agrees to review such a manuscript a second time, the dataset of the corresponding manuscript will be displayed again with the status “Review” on the manuscript overview page. On the

details page details of the first review process (Review No. 1) with all relevant data including the review report will be displayed as well as a second dataset (Review No. 2). The revised manuscript files and the response to review can be downloaded from the tab “Files” (see chapter 5.3).

5.4 Referee Report

To upload your referee report, you must first open the details page of the manuscript and then select the action “Upload Report”. You will be directed to the review submission form of the Beilstein Publishing System which will allow you to upload all relevant review report data step by step. Mandatory entry fields are marked with an asterisk (*) on each page. You can proceed with the stepwise review submission process by using the “Next” button or alternatively, save any review data without continuing by choosing the “Save” button. If you would like to return to previous submission pages, please click on the “Previous” button. In general, you should avoid moving to preceding pages within the Beilstein Publishing System by using the browser “Back” button, because this can lead to synchronization problems with your session on the server.

5.4.1 Manuscript Rating

On the first page of the review submission form you must give your recommendation on publication and a general assessment of the manuscript by choosing one of several listed options for each section. Your response to each of the queries will be included in the referee report.

5.4.2 Review Report

The review report must be either typed into the text field given on this page, or alternatively, the report can be generated by use of a standard word processing program and entered in the text field by copy and paste. If you copy and paste special characters from versions older than Microsoft Word 2003 these may appear as Roman letters. Please use the Character Map program which is installed on your Windows PC to solve this problem (see "[Hints & Tips](#)").

Any confidential comments you would like to send to the editor only may be entered by choosing the corresponding link below the referee report text box.

The screenshot shows the Beilstein Publishing System interface. At the top, the logo and name "BEILSTEIN PUBLISHING SYSTEM" are visible. The user is logged in as "Referee". The main navigation bar includes "MANUSCRIPT SUBMISSION", "MY JOURNAL", "MANUSCRIPT ADMINISTRATION" (selected), "SUPPORT & CONTACT", "ABOUT", and "HELP".

The left sidebar contains sections for "MANUSCRIPT ADMINISTRATION" (with a "Manuscript Overview" link), "REVIEW INFORMATION" (with links for "Instructions for Referees" and "Competing Interests Policy"), and "ACTIONS" (with links for "Download Files", "Upload Report", and "Send Email").

The main content area shows a breadcrumb trail: "Manuscript Administration > Manuscript Overview > Details of ID 4935516 > Upload Report > Review Report". Below this, a summary box displays: "Manuscript ID: 4935516 Editor: Beilstein BJNANO Editor in Chief Submitter: Dr. Arthur Long Status: Review Journal: Beilstein Journal of Nanotechnology Type of Article: Full Research Paper Preprint Status: Published Title: Vertically aligned nanowires".

A progress bar indicates the current step: "1. Manuscript Rating 2. Review Report 3. Upload Additional Files 4. Competing Interests 5. Finalize". Navigation buttons "Previous", "Save", and "Next" are present.

The "Review Report" section includes instructions: "Please type the referee report in the following text field. Alternatively, you can use a standard word processing program to generate your report and afterwards copy and paste your comments in the text field below. Confidential comments to the editor may only relate to ethical or political issues but must not contain parts of the review itself." Below the instructions is a large text input area labeled "Referee Report *".

At the bottom of the main content area, there is a link: "Add Confidential Comment to the Editor".

The footer contains links for "Privacy Policy | Terms & Conditions | Impressum".

5.4.3 Upload Additional Files

On this page you can upload additional files to your report by either clicking on the "+ Add File" button or by using the drag and drop functionality. Such additional files may be the manuscript with detailed comments or marked typing mistakes.

The screenshot shows the 'MANUSCRIPT ADMINISTRATION' section of the Beilstein Publishing System. The user is logged in as 'Referee'. The breadcrumb trail is: Manuscript Administration > Manuscript Overview > Details of ID 4935516 > Upload Report > Upload Additional Files.

After successful uploading, the files will be listed in the lower section of the screen. This area remains empty until the first file has been saved in the system. Please check the files you have chosen to upload. If any error occurred with the file selection, you can delete the file from the list by clicking the "Remove" button and afterwards start the upload process once again. You may also view or download the files by clicking on the file name, or you may enter short comments by clicking on the pencil icon.

5.4.4 Competing Interests

On this page you must declare any potential conflict of interests related to the paper you have reviewed. Please choose one of the two entries given to declare if there are competing interests or not. If competing interests exist, please disclose these in the text field below.

Competing interests exist when your objective assessment of the manuscript might be influenced by personal, professional or financial relationship with other people or organizations (for more information see the [Competing Interests Policy](#)).

The screenshot shows the 'Beilstein Publishing System' interface. The user is logged in as 'Referee'. The navigation menu includes 'MANUSCRIPT SUBMISSION', 'MY JOURNAL', 'MANUSCRIPT ADMINISTRATION', 'SUPPORT & CONTACT', 'ABOUT', and 'HELP'. The current page is 'Declaration of Competing Interests' for manuscript ID 4935516. The manuscript details are: Editor: Beilstein BJNANO Editor in Chief, Submitter: Dr. Arthur Long, Status: Review, Journal: Beilstein Journal of Nanotechnology, Type of Article: Full Research Paper, Preprint Status: Published, Title: Vertically aligned nanowires. The progress bar shows steps: 1. Manuscript Rating, 2. Review Report, 3. Upload Additional Files, 4. Competing Interests (current), 5. Finalize. The 'Declaration of Competing Interests' section includes instructions for referees and two radio button options: 'I have read the competing interest policy and declare that I have no competing interests' (selected) and 'I have read the competing interest policy and wish to disclose the following conflicts:'. A large text area is provided for disclosing conflicts. The footer contains links for 'Privacy Policy', 'Terms & Conditions', and 'Impressum'.

5.4.5 Finalize

The last screen summarizes the data you have entered throughout the various review submission steps. Any required but missing items will be indicated by . Please check carefully that you have provided all relevant data. If necessary, return to the corresponding step in the review submission process and amend or alter the existing data.

A click on the link “Show PDF” opens the referee report as a PDF file which contains all important information entered during the review submission process.

The review submission process must be finished by a click on the “Finalize Review” button. After completion of the review submission process a confirmation page will be shown.

The screenshot shows the 'MANUSCRIPT ADMINISTRATION' section of the Beilstein Publishing System. The user is logged in as 'Beilstein' in the role of 'Referee'. The main navigation bar includes 'MANUSCRIPT SUBMISSION', 'MY JOURNAL', 'MANUSCRIPT ADMINISTRATION', 'SUPPORT & CONTACT', 'ABOUT', and 'HELP'. The left sidebar contains 'MANUSCRIPT ADMINISTRATION' (with a 'Manuscript Overview' link), 'REVIEW INFORMATION' (with links for 'Instructions for Referees' and 'Competing Interests Policy'), and 'ACTIONS' (with links for 'Download Files', 'Upload Report', and 'Send Email'). The main content area shows a breadcrumb trail: 'Manuscript Administration > Manuscript Overview > Details of ID 4935516 > Upload Report > Finalize Review'. A summary box displays: 'Manuscript ID: 4935516 Editor: Beilstein BJNANO Editor in Chief Submitter: Dr. Arthur Long Status: Review Journal: Beilstein Journal of Nanotechnology Type of Article: Full Research Paper Preprint Status: Published Title: Vertically aligned nanowires'. A progress bar indicates the current step is '5. Finalize', with previous steps being '1. Manuscript Rating', '2. Review Report', '3. Upload Additional Files', and '4. Competing Interests'. A 'Previous' button is visible. The 'Finalize Review' section contains a warning: 'Please proofread the generated PDF report as it will be sent to the authors and carefully check the article rating you have selected. You should examine if you have provided all relevant information and finally click on "Finalize Review" to finish your review.' Below this is a 'Review Data' table:
